DO YOU HEAR WELL?

THE HEAR-O-PHONE—A New, Scientific and Practical Invention for those who are Deaf or Partially Deaf—MAY NOW BE TESTED IN YOUR OWN HOME.

Deaf or partially deaf people may now make a month's trial of the Hear-o-phone on payment of a small deposit. This is unusually important news for the deaf, for by this plan the final selection of the one completely satisfactory hearing aid is made easy and inexpensive for everyone.

This new invention renders unnecessary such clumsy, unsightly and frequently harmful devices, as trumpets, horns, tubes, ear-drums, fans, etc. It is a tiny electric telephone that fits on the ear, and which, the instant it is applied, magnifies the sound waves in such a manner as to cause an astonishing increase in the clearness of all sounds. It overcomes the buzzing and roaring ear noises, and also so constantly and electrically exercises the vital parts of the ear that usually the natural unaided hearing itself is gradually restored.

WHAT A BUSINESS MAN SAYS.

Toronto, Oct. 23, 1908.

The Brand Electro Ozone, Ltd.,
Toronto, Ont.

Gentlemen:

The Hear-o-phone I purchased from you six months ago is giving the best of satisfaction. Having been deaf for thirty-five years, I have tried many different devices, all of which were of very little service to me. The Hear-o-phone being small in size, is well adapted for a business man, as it does not interfere with my regular business. I also find my natural hearing improving, and can highly recommend the Hear-o-phone to anyone afflicted in this way.

Wishing your instrument every success, I am,

Yours sincerely,

[Signature]

The ACOUSTICON

A Marvellous Invention. It Magnifies Sound 400 per cent. Any Deaf Person can Hear Without Effort. Those who have been Deaf for Years now hear as well as ever with it.

It actually restores hearing to deaf ears—unless the auditory nerve is destroyed—as surely as the telescope makes invisible things visible. You can hear with perfect ease and you are restored to all the pleasure of society, friends, church, theatre, etc.

THE ACOUSTICON

Does not pour a big, confusing volume of sound into the ear. There is no unsightly tube or trumpet. Leading Churches in New York, Chicago, Boston, and many other cities provide them for their deaf members.

If you are afflicted come to our branch office. If you cannot call, write us and we will send you full information.

The ACOUSTICON

Leading churches in New York, Chicago, Philadelphia, Baltimore, Detroit, St. Louis, Boston, Pittsburgh, St. Paul and many other cities provide them for their deaf members. Mr. John Wannamaker provides an Acousticon for every deaf member who worships in Bethany Presbyterian Church, of Philadelphia. Rev. A. K. Deblois, pastor of First Baptist Church, of Chicago, says: “My mother had not heard a sermon for twenty-five years. She heard both of my sermons on Sunday without difficulty, from beginning to end.”

THE ACOUSTICON

If there isn't a cure for deafness, still the deaf can be made to hear. By the use of the new electrical device—known as the "Acousticon," the deaf can hear instantly, permanently. Its use brings immediate comfort and relief, not alone to the sufferer, but to the sufferer's suffering friends. For every thousand deaf persons that are made to hear, ten to twenty thousand friends and acquaintances are benefited.
