THE BEST ON EARTH

THE ABOVE CUT REPRESENTS

Burn's Patent Spring Bed.

It shows the head of the Bed raised to a suitable position for the occupant to sit up, which is the best thing in the world for those who are suffering from Asthma, Heart Disease, or anything that would make it uncomfortable to lie in a horizontal position, the mattress always resting on a smooth, even surface of springs.

The Springs are made from the best Bessemer Steel that I can get. The workmanship is perfect, and our patent on fastening the springs both at top and bottom is far superior to any ever before invented, making it most elastic, soft, noiseless, clean, durable and bug-proof in the market, east or west, yielding only to the even pressure of the body—there being no hard places and no rolling to the centre or tipping—being in fact the bed that makes the nearest approach to perfection.

Call and examine. A liberal discount made to dealers, hotels and public institutions.

A. J. BURNS, Manufacturer.
Rear 181 Dundas St., London, Ont.

FEATHERS CLEANED.

Feathers need cleaning as much as your bed-clothes, floor, or any part of the house, and I can remove all dirt and smell caused by children soiling them, sickness, death, or any cause whatever. It becomes the duty of every housekeeper, to have them thoroughly renovated. There is no one can give as good satisfaction for the money as I can. Send a postal card directed to me and I will call and give you prices and full particulars.

Hair, Wool, Sea Grass and other Mattresses manufactured to order.

Dealers, send for Illustrated Price List.

A. J. BURNS, Rear 181 Dundas St.
George Lock writes, St. Anna, Ontario, June 17, 1879, regarding his 12 horse power Champion Sawmill.

"Last week, on Monday morning, three men of us commenced to tear up soil to move it. We tore up, moved three miles, set it up and on Tuesday at three o'clock moved a log with it. Not quite two days. In one week's work we moved and set up an empty and sawed twenty tons and feet. I will write full particulars soon. We saved six thousand feet in two and a half hours, each hanger."

F. BROUGHTON,
General Manager.
MR. GEORGE WHITE, —

Dear Sir,—The little engine that we and Mr. Dennis bought from your agent, Mr. Andrews, has given us entire satisfaction. She is very easy to keep up steam on account of the extra draft that she has, and is very easy on wood and water—half a cord of wood will thrash a whole day; in fact, the farmers that we have threshed for say that no more horse powers need come around their place, and she is pronounced to be perfectly safe from fire with care. We would cheerfully recommend her to all intending to purchase an engine.

GEORGE HARTLEY,
Maidstone, March 7, 1881.

Mr. George White,—

Sir,—The engine we bought of you last summer gives us the most decided satisfaction. The little affair seems a thing of life; like a well trained animal, she is off at the touch, and continues on without jar or gingle, with a most surprising and well-merited power. In a word, we consider our little steamer perfected perfection. Our engineer is an experienced one, has duly attended to its wants in care-taking, and our little horse has performed his part so well as not to have cost his owner's so much as one cent as yet. All our customers are loud in the praise of our little steam horse. A due proportion of fire and water, with a little oil to smooth his joints, the little fellow will continue on his course, so smooth as to draw plaudits of praise and admiration from all who behold him. The sawing machine gives us entire satisfaction.

Yours truly,

JOHN & AMBOISE BUMEAU.
MIDDLESEX COUNTY DIRECTORY.

September, 1880.

Mr. George White,

Dear Sir, We can recommend the two engines we got from you this season, and as we are old threshers with steam power, and the first to introduce into this county, some seven years since, we profess to know something about steam threshing. We have threshed seventy eight jobs, and are threshing yet. We don't know when we will be through; thank you will get the $25 over the price they have made no signs of foaming yet. We have threshed for chronic growers, but they have never growled at the work we done, because it takes so very little wood and water. It has not cost us a nickel for repairs on either engine.

Wm. Greenway, Wm. White.

Essex Centre, 23rd Aug., 1880.

Mr. George White,—

Dear Sir,—With pleasure I inform you that the threshing machine is doing splendid work, and your engine cannot be competed with in this county. Last week we booked $120, and not more than one day's threshing at one place.

Yours truly,

John Moorman, Engineer.

Mount Hope, Wentworth County, Sept. 22.

Mr. George White,—

Dear Sir,—In answer to your enquiries respecting the engine we got from you this season, we beg to say we are well pleased with it in every respect, have been running continually, and have given perfect satisfaction to every man we have threshed for; they all say it is the best engine they ever saw. It takes less water and wood than any other engine, it is the third we have tried this season and the only one that has given perfect satisfaction.

We remain yours,

Christopher L. & Isaac S. Goodman.

Maidstone, September 27th.

Mr. George White,—

Dear Sir,—I have much pleasure in stating that the threshing engine which I purchased from your agent, Thomas Moran, has given the very best satisfaction. I have not had the least trouble with it in any way. I have used all kinds of water and it never foamed. The engineer whom I have in charge of it says that he will forfeit his summer's wages if he cannot run any two separators with it. He considers it convenient to handle, not liable to get out of order; can get up steam in a shorter time than any other threshing engine he ever saw, and can furnish sufficient power at 60 lbs. of steam to thresh wet grain, and it is the favorite with those I have threshed for, as I can use up any wood picked up about their yards up to five feet long, instead of having a man continually cutting and preparing wood as heretofore with other engines that use short wood. I have tried in every way and find it impossible to set anything on fire with it, no matter how dry; and I honestly believe it has not an equal in the Dominion in point of convenience, strength and durability.

Charles Chittle.

Stoney Point, Ont., Aug. 2, 1880.

Mr. George White,—

Dear Sir,—The little engine is working tip-top. I can safely say it runs very nice and smooth, and gives entire satisfaction. It is the best threshing engine I ever fired, and it runs the machine to its full capacity with the greatest of ease, and uses very little wood and water, and is absolutely safe from fire.

Yours truly,

William A. Williams, Engineer.

SAVE YOUR HANDS

By a process peculiar to ourselves, we neutralize the caustic character of the alkalies used in making Soap, and produce a soap that does not irritate or injure the skin, but leaves it cool, smooth and soft, and by the same process the washing properties of the Soap are improved. It washes with half the labor required when ordinary soaps are used. We recommend

Churcher's Pure White Glycerine Soap

For the Nursery, Bath and Fine Linen, and Churcher's Premier Soap of Canada, a pale, yellow Soap, for general purposes. Both Soaps are pleasantly perfumed, and free from any coarse unpleasant taint.

NOTED FOR BOYS AND CHILDRENS’ CLOTHING.

THE CITY OF BRANTFORD
As a pleasant summer resort, Brantford, Ontario, offers inducements and attractions for the tourist and invalid not found elsewhere in Canada. For drives and scenery, the city and immediate surrounding are really unequalled in the Dominion. Brantford has a population of 61,000, and is so centrally located on the Great Western and Grand Trunk Railways, that either Buffalo, Niagara Falls or Toronto can be reached in about two hours.

THE KERBY HOUSE,
Originally built at a cost of $150,000, has been improved, refitted, and appointed with every modern convenience. There are 16 Churches in the City; the public buildings are superior, and living more reasonable than in any other in Canada. A drive of a mile through the principal thoroughfares of the City will take you to

OAKWOOD VILLA
And White Sulphur Springs, recently purchased by J. C. Palmer, proprietor of the Kerby House, where baths have been fitted up for the accommodation of guests stopping at the House. The water is pronounced by leading physicians to be one of the best healing remedies for rheumatism and other long standing diseases which so commonly prevail. Hot and cold sulphur baths will be given daily through the season with private apartments for the ladies. To accommodate guests of the Kerby the carriage makes regular trips to and from the Springs several times each day, and whether wishing baths or not, one enjoys a charming drive, free of expense. Board ranges in price from $6 to $10 per week, according to location and site of room.

The "Seegmiller" Truss Beam Plow

With

Flexible Wheel, Universal Standard Joint and Jointer Attachment.

The attention of farmers and dealers in agricultural implements is called to this Plow, in the full confidence that its merits will be at once recognized and appreciated. The lightness and strength of the beam is secured by its being constructed on the truss principle, and, as will be seen by reference to the above cut, not one bolt, thread, nut or rivet enters into its construction. By an ingenious but simple arrangement a sort of universal joint is formed between the beam and the tip of the standard, by means of which the Plow is adjusted to take more or less width or depth of furrows. This feature does away with the necessity for the use of the cumbersome old-time clevis, and completely upsets the old theory of the impossibility of securing "centre draft" on a plow. Farmers will find this Plow very neatly polished and finished. My agents are instructed to sell it under the warranty that it will run light; work well in hard, dry ground; will scour and clean well in loose and sticky clover, stubble, manure, &c. In sections where I have no agencies established, I will, on application from responsible parties, send a Plow direct from the factory. For agencies, circulars, or other particulars, please address

Samuel Seegmiller,
Goderich, Ont., Canada.

MIDLESEX COUNTY DIRECTORY.

J. HEARD & CO.,
Artificial Stone Works,
STRATHROY, ONT.

Manufacturers of all kinds of Trimmings of the most approved design for the external dressing of Churches, Stores, School-houses, and other buildings, both public and private, namely:

- Water-Table, Beltings, Sills, Label-Mouldings, But-tress-Caps, Copings, Window and Door Caps,
- Key-Stones, Corbels, Bosses, Pilaster Bases, Facings and Capitals, Corner Blocks,
- Ashlers, Chimney Tops, &c., also Curb-stones, Side-walking, Horse Blocks, Garden and Cemetery Fencing and Walling, Monuments, Bases, Lawn Vases, Sewer Pipe, &c.

All Stone taken from the yard or sent by rail securely packed in saw-dust.

All correspondence promptly replied to.

In soliciting the patronage of the building public, we do so with confidence, knowing that we are serving them by producing an article the want of which has been long felt, and the lack of which has prevented many from substantially improving the appearance of their buildings and being up to the present state of architectural design and decoration, owing to the heavy expense attached to the use of natural or free-stone. Artificial stone is a complete substitute for natural stone, and in point of appearance, strength and durability, is not surpassed by it. Our stone has been thoroughly tested, and exposed to the various atmospheric changes, which have only tended to harden and strengthen, rather than injure it; while its cost is from one-third to one-half less than free-stone, and still less in proportion to the amount of ornamentation upon it. It is receiving the recommendation of the best builders and architects, and has been and is being used in some of the best churches, dwellings, stores, school-houses, etc., in this section of Ontario. You will find it to your advantage to communicate with us before building.

Heard’s Stone Turret Walling, protected by patent 1877, is the only stone curbing that is not thrown out of position and that the joints are not opened by the action of wet and frost. We are the only authorized manufacturers of it in the Dominion.

Of the late improvement in manufacturing flour, by which the quality is improved and the quantity increased, saving 10 to 15 per cent. in power; also Burr Mill Stones, Portable Mills, Best Improved Middlings Purifier, Flour Packers, Smut Machines, Separators, Wheat Grading Machines, the Most Improved Water Wheels, a full class of Furnishings for Steam and Water Mills. Also, keep on hand a full stock of Defour & Co's Best Brands Bolting Cloths. General agent for the Celebrated Chilled Rolls.

WEBSTER'S IMPROVED
MEAL COOLER, ACITATOR & BRAN CLEANER

Patented July 11, 1865; Dec. 12, 1871; Sept. 11, 1877.

1st. The object of this Machine is to cool the Meal as it comes from the burrs, taking away all heat and moisture, preventing condensation.

2nd. To agitate the Meal before going to the bolts, making the flour whiter and more granular, thoroughly dry and sharp, and increases the capacity of bolting.

3rd. It thoroughly cleans the bran, thereby making a better yield than can be made without it.

Warehouse, 162 Larned St., West, Detroit, Mich.

OFFICE—33 Congress West—Seitz Block—Room 17.

Agents for the U. S. and Canada.
CITY OF LONDON
AND
COUNTY OF MIDDLESEX
DIRECTORY
FOR 1881-2
TO WHICH IS ADDED A
PROVINCIAL HOTEL DIRECTORY.
ILLUSTRATED WITH ENGRAVINGS.

Compiled by F. Harrison White.

VOLUME I.

LONDON:
LONDON PUBLISHING CO., PUBLISHERS, ALBION BUILDINGS, RICHMOND STREET.
PRINTED BY THE FREE PRESS PRINTING CO.
1881.
Entered according to Act of Parliament of Canada, in the year of our Lord One Thousand Eight Hundred and Eighty-One, by John Harrison White, in the office of the Minister of Agriculture.
INTRODUCTORY.

The work of compiling and publishing the local Directory has for a number of years been in the hands of foreign firms. The London Publishing Company therefore take great pleasure in presenting to the public their first Directory of the City of London and the County of Middlesex for 1881-2, to which has been added a Provincial Directory of Hotels, Taverns and Licensed Shops. Neither pains nor expense have been spared in making the work as complete and reliable as possible. Of course our patrons will understand that a great many changes take place from the time the names are canvassed and the completion of the printing of the work. These changes have been noted as far as possible, and will be found in the addenda. The addition of a Street Directory will be of great use in cases where it is required to know the name of a person living in a certain house, and it also forms a complete guide to the City, showing how every block of land is occupied. The County Map is also a new feature, and will be found invaluable.

As a large number of these books will be circulated through this Province, Manitoba and the United States, we have inserted several views of public buildings in this City. We trust that the improvements we have inaugurated will be acceptable to, and appreciated by, our patrons. The necessity for the annual publication of the work will readily be seen when we state that the changes from the Directory issued last year exceed 7,000.

We desire to thank the professional, manufacturing and mercantile community for the liberal patronage accorded to us, and ask for their support for future issues.

THE PUBLISHERS.

London, Ont., July 1st, 1881.

Waterman Isaac, oil refiner, res 335 King.
DESCRIPTIVE.

The County of Middlesex a century ago was an unbroken wilderness, but now contains a population of 100,000.

For electoral purposes it is divided into three Ridings—East, West and North. The East Riding consists of the townships of London, West Nissouri, North Dorchester and Westminster, with the incorporated villages of London East and West. The representatives are Duncan Macmillan, M. P. (C), and Richard Tooley, M. P. P. (C). The West Riding comprises the townships of Caradoc, Ekfrid, Metcalf, Mosa and Delaware, the town of Strathroy and the incorporated villages of Wardsville, Newbury and Glencoe. Representatives: G. W. Ross, M. P. (R), and J. Watterworth, M. P. P. (R). The North Riding comprises the townships of Biddulph, McGillivray, East and West Williams, Lobo and Adelaide, with the incorporated villages of Lucan, Ailsa Craig and Parkhill. Representatives: Timothy Coughlin, M. P. (C), and John Waters, M. P. P. (R).

The county is one of the largest and wealthiest in the Province, and is unsurpassed for fertility of soil and salubrity of climate.

LONDON, the capital, is noted for the enterprise of its inhabitants, its beautiful park-like avenues and its handsome and costly public and private buildings. It has been aptly named the "Forest City," from the immense number of beautiful shade trees which adorn the broad boulevarded thoroughfares. With unrivalled shipping facilities and a bountiful water supply from the best constructed water works on this continent, the city has rapidly become the manufacturing and wholesale centre of the west. It is only necessary to consult the pages of this work to discover the vast amount of business concentrated here.

The assessed value of real estate for 1881 is $7,905,766; personal property, $1,310,800; taxable income, $1,085,660, and the aggregate assessed value of all property, $10,302,226, being an increase in three years of $1,322,466.

The population of the city by the census of 1871 was 15,826, with a suburban population of about 3,500; by the census taken this year the population of the city proper is 19,800, to which must be added the suburbs of London East, West and South, with a population of about 9,000, making a total of nearly 29,000 inhabitants, an increase of about 10,000 during the past decade.
Every year marks the sweeping away of old landmarks and the erection of costly buildings. During the past year the Masonic Temple and Grand Opera House was erected at a cost of nearly $100,000; the new Roman Catholic Cathedral, now in course of erection, will probably cost before its completion $150,000; a magnificent pile of warehouses in course of erection on Richmond St. by Hobbs, Osborn & Hobbs, wholesale hardware merchants; Robinson, Little & Co., wholesale dry goods merchants, and Mr. Geo. C. Gibbons, barrister; another by Alex. Johnston; the new Club House on Queen's Ave.; the Western University, which will probably be completed next summer, and other public and private buildings in construction go to show the solid advancement of the city.

Victoria Park, which five years ago was nothing but a bleak common, is now a most beautiful and pleasant resort, the city council having expended considerable sums in laying out walks and drives, and planting it with trees, shrubs and flowers. A handsome fountain, erected by the Water Commissioners, adorns the grounds near the south entrance.

North of the Victoria Park are the Fair Grounds, where the Western Fair is held annually. This year the Provincial Fair will take the place of the Western, and the city council are expending large amounts in the erection and repairing of buildings. The most successful fairs in the province are held on these grounds.

Street paving is now receiving considerable attention, the cedar block having been laid on Market Lane and Dundas street.

The market has lately been enlarged to meet the requirements of increasing trade; and it only needs paving to make it one of the best market places in the Dominion.

The Parliamentary representatives are the Hon. John Carling, in the Dominion House, and W. R. Meredith, Q. C., in the Local Legislature.

STRATHROY.

This enterprising town is situate on the Sarnia branch of the Great Western Railway, about 20 miles from London. It contains a population of about 4,500, and is the largest town in the county. It has several large manufactories, and is rapidly growing in importance. Its business thoroughfares are paved, which gives the town an exceedingly neat and clean appearance; in fact, it has the honor of being the first in the county to introduce that much-needed improvement. Among its industries may be mentioned the Strathroy knitting works, Allan Bros.' oran manufactory, Vary's foundry and plow works, Heard's artificial stone works, rake and cradle factory, flouring mills, brick yards, stave factories, &c.
John Elliott & Sons' Foundry, London.

St. Paul's Church, London.
Miscellaneous Directory of London and Suburbs.

CITY COUNCIL.

Mayor—John Campbell.
Clerk—Alex. S. Abbott.
Treasurer—John Brown.
Solicitor—W. R. Meredith, Q. C., M. P. P.

Electricity as a Curative Agent

The Investigations and Discoveries of Prof. J. C. Boyd—Facts about Boyd's Battery."
—Thousands of Cases of Disease Cured Thereby.

For many generations scientific men, accepting as axiomatic the proposition that electricity is life, have studied and investigated and experimented in order to find out how this subtle force could be applied to the cure of disease and the relief of pain. But the progress made has been accomplished only step by step, and electrical science until recently was more conspicuous in regard to its triumphs in connection with matters material than in connection with the healing art. But about two years ago Prof. J. C. Boyd, one of the most able and brilliant of living English scientists, completely revolutionized the accepted theories with regard to the action of electricity upon the physical system. He showed that for many years people had been wearing various forms of galvanic appliances which produced some sort of galvanic action, but which, however, had not the slightest beneficial effect upon the human body. The fundamental basis of his discovery is thus stated by himself in a most ably written article:

A galvanic action (i.e., electricity produced without friction) can be obtained by the union of two or more metals, as was proved more than a century ago, by Galvani, the discoverer of galvanism. This union of metals is characterized by a soft and gentle action, which, when applied to the body, is perceptible only in its ultimate results. For telegraphic purposes it is necessary to intensify the galvanic action, and accordingly one of the metals is plunged into sulphuric acid, which, by corrosion, decomposes the parts exposed to it, thus facilitating their union with the other metal destined to form the amalgam. When, however, it is desired to apply the beneficial results of a current of electricity to the human body no such intensity is required, as the simple action of the natural humidity of the skin is sufficient to set the chemical operations of nature in motion and cause a constant but gentle flow of electricity to pass, from what we may term the battery into the system.

Prof. Boyd originated an entirely new method of causing electrical currents to enter the system, which is embodied in a small battery, shaped like a medal but less than a trade dollar in size. His theory, briefly stated, is that nine-tenths of all the maladies to which the race is subject originate in a vitiated state of the blood, which is caused by the absence of a proper proportion of electricity in that fluid. His battery is so designed that it meets accurately and scientifically the requirements of the case. Its efficiency is most marvelous, as thousands have testified.

It has received the endorsement of the leading scientific men of both Europe and America and is in this country in the hands of the leading wholesale and retail druggists, being sold by the latter at fifty cents per battery. Prof. Boyd's laboratory and office is at 203 West Forty-Ninth street, New York City, where a Review reporter called recently in order to make some few enquiries respecting the business that is being carried on. It seems that there is a secret method of amalgamating the metals used which is the great reason of the powerful action of the battery upon the body, and this secret is known only to Prof. Boyd and some of his staff. This is why the many imitations that have been brought out are wholly worthless. At the above address Prof. Boyd has some thirty employees constantly busy printing and mailing circulars, receiving and answering correspondence, shipping goods, etc. The business manager is Mr. John A. Davenport, a courteous and talented gentleman, who has his hands constantly full of work.

NOTE—Mr. Boyd has established a branch house at Montreal, Canada, from which place all orders for the Dominion of Canada will be filled, free of duty. Address all communications and make all remittances payable to H. H. MENAGER, 372 Notre Dame St., Montreal, Canada.

Turkish Baths
ESTABLISHMENT,
274 Woodward Avenue, near Grand Circus Park, Detroit, are now fitted up and ready for business. They are arranged for ladies and gentlemen. Each department is entirely separate from the other. The ladies' department is under the charge of Mrs. Stone, and the drawing-room, dressing-rooms and hot rooms are elegantly arranged for the convenience of ladies wishing to enjoy a Turkish Bath. Rooms open every day in the week, from 8 a.m. to 10 p.m. Boarding accommodations for invalids and guests. Street Cars from all hotels and depots run by the "Cure."

No Patent! No Pay!

P. J. EDMUNDS
Canadian, United States and Foreign Patent Office

FOR SECURING

PATENTS

Caveats, Copyrights, Trade Marks and Designs expeditiously, in all parts of the world.

CHARGES MODERATE.

Securing rejected or contested applications for Patents, when applied for by inventor, or other solicitor, a specialty.

Special attention given to securing European and other foreign Patents.

First-class Patents bought, sold and exchanged.

EDMUNDS' BUREAU OF ILLUSTRATION,
Designers and Engravers on Wood.

Every description of Designing, Drawing, and Engraving on Wood, from the finest Portrait, Building, Machine, or Book Illustration to the largest Circus Poster, turned out in the highest style of the art, in one or any number of colors, with despatch, and at the lowest paying price.

SEALS and PRESSES, DIES, HAND STAMPS, RUBBER STAMPS, &c.

My facilities for the production of first-class work, in every department of my business, are not surpassed by any other establishment in the Dominion or the United States.

P. J. EDMUNDS,

OFFICES:—366 and 368 Richmond Street, corner King, one block north of G. W. R. Depot.

London, Ont., —— Canada.

BUSINESS CHANGE

H. KORDES,

(Of the late firm of E. A. Taylor & Co.)

BOOKBINDER & MANUFACTURING STATIONER

Would intimate to the Citizens of London and vicinity, that I have retired from the firm of E. A. Taylor & Co., and have purchased the Bindery and Stock of the late firm, and have removed the same to

No. 6 MASONIC TEMPLE,

where I purpose to continue the manufacture of all descriptions of

BLANK BOOKS.

From an experience of twenty years, I am confident that I can give the best satisfaction to all interested in securing a first-class article in Blank or Letter-Press Binding. With first-class Machinery, and employing experienced workmen under my own personal supervision, I am confident of guaranteeing perfect satisfaction to all who may favor me with their orders.

A carefully-selected stock of

STAPLE STATIONERY

will be kept, to which the inspection of the commercial community is respectfully invited.

I trust by strict attention to, and prompt execution of, all orders entrusted to me, to meet a fair share of the patronage of the Citizens of London and vicinity.

Orders by mail will receive promptest attention at No. 6 Masonic Temple.

Mayhew Business College

CHAMBER OF COMMERCE, DETROIT.

Excels in preparing Young Men and Women for Business. "The most perfect possible," is what the United States Commissioner's Report says of it. Established over 20 years ago by the Hon. IRA MAYHEW, LL.D., former State Superintendent of Public Instruction, and author of Mayhew's popular Book-keepings and unrivalled Business Practice, who continues President of the College, and is an active teacher. Besides a complete Business College course, there are connected with this institution the following departments, to wit:

1. - Telegraphy and Care of Batteries.
2. - Phonography, or Shorthand.
3. - Ornamental Penmanship.

For particulars address MAYHEW & GOODIER, Proprietors.

Mayhew Business College,

CHAMBER OF COMMERCE, DETROIT,

Excels in preparing Young Men and Women for Business. "The most perfect possible," is what the United States Commissioner's Report says of it. Established over 20 years ago by the Hon. Ira Mayhew, LL.D., former State Superintendent of Public Instruction, and author of Mayhew's popular Book-keeps and unrivalled Business Practice, who continues President of the College, and is an active teacher. Besides a complete Business College course, there are connected with this institution the following departments, to wit:

1. Telegraphy and Care of Batteries.
2. Phonography, or Shorthand.
3. Ornamental Penmanship.

For particulars address MAYHEW & GOODIER, Proprietors.

Western Empire Agricultural Works!

STEVENS, TURNER & BURNS,
Cor. Richmond and Bathurst Sts.,
LONDON, - - ONTARIO.

"WESTERN EMPIRE"
PORTABLE THRESHING ENGINE AND BOILER.

We have much pleasure in presenting to the public our new Steam Agricultural Engine and Boiler, which we consider the most appropriate Boiler and Engine ever presented to the public. We have at great expense and trouble inspected all the modern Boilers and Engines in the United States, and adopted in ours the most recent improvements, which in the era of Threshing Engines in Canada has been much needed—an illustration of which is here given. Licensed by all the leading Fire Insurance Companies.

Agricultural, Engine & Separator Works.

STEVENS, TURNER & BURNS,
CORNER RICHMOND AND BATHURST STREETS,
LONDON, ONT.

THE CANADIAN THRESHER.
(McCloskey Patent)

Our new patented Canadian Thresher, or McCloskey Separator, is the best ever offered to threshers and farmers. This separator is entirely new in its construction. It will make a perfect separation of the grain from the straw, and is a beautiful cleaner, separating the chaff from the grain in the most perfect manner.

CHAMBER OF COMMERCE, DETROIT,

Excels in preparing Young Men and Women for Business. “The most perfect possible,” is what the United States Commissioner’s Report says of it. Established over 20 years ago by the Hon. Ira Mayhew, LL.D., former State Superintendent of Public Instruction, and author of Mayhew’s popular Book-keeping and unrivalled Business Practice, who continues President of the College, and is an active teacher. Besides a complete Business College course, there are connected with this institution the following departments, to wit:

1. - Telegraphy and Care of Batteries.
2. - Phonography, or Shorthand.
3. - Ornamental Penmanship.

For particulars address MAYHEW & GOODIER, Proprietors.

### DR. DON'S

**COMPENSARY,**

**NO. 294 MICHIGAN ST., BUFFALO, N.Y.**

Is devoted to the treatment of all diseases of private nature.

Happy relief to those suffering from seminal weakness, spermatorrhoea, impotence, lost manhood and all disorders brought on by self abuse or excesses, which unfit the victim for business or marriage. Diseases of the throat, skin and bones and the result of exposure radically cured. All cases guaranteed, except the incurable.

Consultation Free and Private.

Pamphlets and private lectures for 2 stamps. Medicines sent everywhere. Office hours, 9 a.m. to 4 p.m., 6 p.m. to 9 p.m. Sundays, 1 to 3 p.m. P. O. box 18. CALL or WRITE.
GIBBONS, McNAB & MULKERN

**NOTES.**—Halton, Scott Act in force. Returns for Stormont, Dundas, West Peterborough, Nipissing and East Lambton not received in time. Will be forwarded to any subscriber on application.

---

**The CANADIAN LICENSED VICTUALLERS' JOURNAL**

**And Ontario Hotel-Keepers' Gazette.**

A weekly paper of 16 pages, is issued every Saturday at St. Thomas, Ont.

**Subscription Price, $2.00 Per Year.**

The L. V. J. is the only organ of the trade published, and is sent to every Licensed Hotel and Saloon in the Province.

Through no other channel can the trade be reached, therefore as an advertising medium it is unsurpassed.

For terms and specimen copies address

**J. C. PANKHURST,**

Publisher, St. Thomas.
