Honorable Members of the Senate:
Gentlemen of the House of Commons:

Are You Insured?
If not secure a policy in the

UNION ASSURANCE SOCIETY
OF LONDON

In the heat of debate your homes may be devastated by fire; when indulging in fiery eloquence your mills and factories, your stores, warehouses and goods may be consumed by the same devouring element. While the calamity may not be averted the effect can be rendered migratory by Insuring in the Union.

Gentlemen to the right of the Speaker Insure in the Union because it is a good old Conservative Company, and affords ample Protection to the policy holders.

Gentlemen to the left of the Speaker Insure in the Union because of its Liberal policy, and because it is a believer in Reciprocity between insured and insurer.

Gentlemen on the cross benches Insure in the Union, because—though Instituted in the Reign of Queen Anne, A.D. 1714, it is right in it up to date.

Anybody who desires to

Entered according to Act of Parliament of Canada, in the year One Thousand Eight Hundred and Ninety-three, by the Proprietors, in the Office of the Minister of Agriculture.
PREFACE.

The Publishers, in presenting to their subscribers, this, the Twenty-first Issue of the Ottawa City Directory, beg to thank them for the renewal of their patronage. They also wish to thank the business people generally for the facilities afforded them in gathering the information. They are confident that the work will be found to be equal to any of the previous issues, and will compare favorably with any similar work published in America; they only ask when a person is criticising the book, that he will take into consideration the many difficulties that have to be contended with in a community which, when the suburbs and Hull are considered, is so equally divided between French and English. The work contains 18,819 names, and, after the firms and references are deducted (2,500), and the balance multiplied by three—the figure generally used by directory publishers—it will be seen that the city has a population of about 49,000 people.

BRYSON, GRAHAM & CO. | Ribbons and Laces
The patrons of our Directory are frequently inconvenience by borrowers; not the stranger or private citizen, who steps into the office, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are too mean to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks, unless you send for it before; it is scarcely in its place before another request—

Please lend me your Directory for a few minutes—These same borrowers tell our canvassers that they have no use for a Directory—SHAME.
