"The Brand Ozone Treatment."

WHAT IS IT? BRAND Ozone is condensed oxygen, produced by an Electrical apparatus out of atmosphere and vaporized oil from pine trees.

HOW AND WHY IT CURES. BRAND Ozone being a form of air is breathed right into the lungs, that is where the trouble lies, it reaches all the lung tissues which are affected with the germs, and reaches the disease which cannot be reached by medicine.

Ozone is the greatest purifying and germ-destroying agent known to-day.

IT IS NATURE'S PURIFYING AGENT.

Bacteria and Consumption (tubercle bacillus) germs cannot live where Ozone is present. Brand Ozone is breathed into the lungs, destroys the germs, oxidizes the blood, and the impurities are carried off, and nature rebuilds the affected tissues.

HOW AND WHERE TREATMENT IS GIVEN.

The BRAND Ozone Generator is very simple: is self-contained, and can be placed anywhere. You need not have electric lighting in your home to use it. We place the machine right in your home under your doctor’s care. Nothing can be simpler.

BRAND OZONE TREATMENT WITHIN REACH OF ALL.

WE RENT THE GENERATORS.

Duration of Treatment.—BRAND'S Ozone acts quickly. The average case is cured in from four to six months.

Rightly-seventy per cent. of all cases treated made complete recovery.

Among them are patients which came back from the Sanitarium pronounced incurable.

Full particulars and references from cured patients on application.

IS YOUR HEARING DEFECTIVE?
