St. Lawrence Hall,
MONTREAL.

Fine Hotels in the Dominion or on the Continent have won the widespread popularity for prompt and satisfactory management as has the St. Lawrence Hall. For over 42 years the travelling public have found the "Hall" the best and most complete equipped house in the country in all its departments. Every want that human foresight and supply, for the comfort and convenience of guests, the Management has ever provided for, and it is the attention that has given to the "Hall" its fame as the leading Hotel of Canada, the United States, Great Britain and the European Continent. For over a quarter of a century the "Hall" has held this proud position, and has had as its guests the most illustrious representatives of Royalty and the Peerage, who have in that period visited the Metropolis of the Dominion.

The location of the "Hall" on St. James St., the principal thoroughfare of the city, cannot be surpassed in a sanitary point of view, and is the most centrally situated for all travellers.

Improvements. The growth of Montreal in the past few years, and the ever increasing demand for first-class accommodation required by the travelling public, has called for large additions to the "Hall," which have been carried out and just completed. The massive and elegant exterior, five stories high, with mansard roof, and a clear frontage of 150 feet on the most fashionable street of the city, at once attracts the attention of the tourist, and a visit inside soon leads to the conclusion, that, for polite attention and satisfactory management, the "Hall" has no superior. The new improvements have increased the accommodation for guests to over 300 well-lighted and airy rooms, furnished in the most tasteful style and with every modern convenience. Passenger elevators are also provided, and the whole of the corridors, reading and other public rooms have been lighted, furnished and decorated in the most artistic manner.

The Drawing-room. The "Hall" is now provided with two of the handsomest Drawing rooms in the city. The new room is one of the recent improvements, and is a marvel of beauty and elegance in its decorations, frescoes and furnishings. The whole of the wood-work is of red cherry, with limewash walnut panelings in gold; rich mirrors adorn the walls, and massive gas chandeliers are suspended from the ceiling. The upholstering is of the richest and most luxurious description—the armchairs, chairs, sofas, ottomans, etc., being specially made to suit the appointments in the room.

The Dining-room has been enlarged, making it 100 feet long by 50 feet broad, and capable of seating 400 guests. The room has been thoroughly renovated and decorated by the best Italian artists, and is lighted by gas and electric light.

Billiard, Hair-Dressing, Sample and Bath Rooms are all Connected with the Hotel.

All trains and steamboats are met by the "Hall" houses, and polite and attentive porters always in attendance to look after guests’ baggage.

Rates from $2.50, $3.00 to $6.00 per day, according to location.

Mr. Regan, the general proprietor, still gives his personal supervision to all departments, thus assuring for the guests every attention required.

Entered according to Act of Parliament in the Office of the Minister of Agriculture, in the year of our Lord one thousand eight hundred and ninety-four.

Murray Printing Co., Printers, 33 Melinda St., Toronto.
INTRODUCTION.

In order to keep in touch with the progress shown in other things in our beautiful city, and to do better for our patrons, we have this year made our advertising pages much more attractive than usual. Notwithstanding the great efforts made by newspaper and other advertising men to draw our advertisements from us, we are pleased to be able to state that our Directory is steadily growing in favor, on its own merits, as an advertising medium. Although many constitutional grumblers are crying out "hard times," etc., our advertising is in excess of any previous year, and we expect it will continue increasing from the fact that we know, and our manufacturers and business men generally, are finding out for themselves, that better value is received for the amount invested with us in advertising than from any other source.

There is no doubt Toronto is the finest city on the continent for its size. Our citizens generally are more respectable in appearance; our laws are better observed and more strictly enforced; we have more beautiful residence streets with substantial and comfortable homes, surrounded by fine lawns, ornamental shrubs and shade trees; we have more handsome and healthy-looking ladies, and our female clerks, stenographers, factory-girls, etc., have a finer appearance on the streets than those of any other city.

Our climate is very healthy. Our winters, though generally cool, are not of the severe type, the thermometer very rarely falling as low as zero, while our springs, summers and autumns are delightful, the weather being all that can be desired.

As a summer resort there is no more delightful place than Toronto, with its Bay, Island and lagoons, Humber Bay and River, and its numerous parks. Boating of every description from the smallest single canoe, to the largest steamboat, can be indulged in at a very slight cost. From the fact that Toronto covers more ground in proportion to population than other cities, it necessarily follows that our expenditure for street cleaning and repairing, fire and police protection will be heavy, as is shown in the table following, but the advantages gained in the health and comfort of the citizens more than compensate for the amount so expended. Our fire and police protection is very efficient.

Our population is steadily increasing. Although our book may appear smaller, a part of it being printed with smaller type, yet we have sixty pages increase over last year. We have 3,003 names more in our 1894 than in our 1893 Directory. This number multiplied by three, which is about the lowest multiple used by Directory publishers, gives us an increase of 9,009 during the year. There are 73,051 names in our 1894 Directory, which multiplied by this low multiple of three, gives us a present population of 219,153. While we are aware that this is a very much higher estimate than is made by either the assessors or the police, we are satisfied it is very much nearer correct, and we would here take the liberty of stating that in our opinion, anything like an accurate estimate of the population can never be obtained from the City Hall, even though they should leave slips at all places and collect them as well, as there are so many of the opinion that full returns would mean an increase of water rate or taxes in some form.

SCHOOLS, COLLEGES, ETC.

The public schools are governed by a Board of Trustees, each of whom is elected for a term of two years, the election taking place at the time of the municipal elections. There are four representatives on the board from each ward, half of whom retire at the end of each year.

The school buildings of Toronto are of a very high order, being well built, heated, and ventilated, and having the best sanitary equipment known.

The public school system is under the supervision of two inspectors, and has about 600 teachers (including principals.) The total amount paid out for salaries for the year 1892 was $394,304; for new buildings and sites, $12,770.36; for fuel, $19,603.25; for repairs and alterations, $19,054.89; and for school maintenance, other than these, $25,011.65, making a total expenditure of $370,774.15 for the year. Value of public school buildings, furniture, etc, $1,418,131.
SEPARATE SCHOOLS.

There are 18 separate schools, with a staff of 81 teachers. This was all the information obtainable at the time of going to press. For Trustees see page 1624.

In addition to this there are about 83 miles of lanes in the City, of which 2.65 miles only are paved.

During the year 1892 the total expenditure of the Engineer's Department was $1,139,113.26, divided as follows:

- General appropriation: $315,683.67
- Local improvements: $432,972.04
- Special services: $67,902.49
- Street Railway pavements: $322,555.06

The amount for local improvements was divided as follows:

- Sewers: $43,019.08
- Pavements: $253,094.64
- Sidewalks: $70,852.00
- Grading, bridges, etc: $63,406.92
- Special services: $67,902.49

During the year 1892, 5.07 miles of sewers were constructed, of which 4.04 were constructed under contract, and 1.03 built by day labor. The total expenditure on this work was $43,019.08, making a total of 221.75 miles of sewers of various sizes within the City limits.

The number of petitions received by the Department for local improvement works during the year 1892 was 126. The number of local improvement works recommended was 339, made up as follows: sewers, 34; roadways, 80; sidewalks, 219; street extensions, 6. Of the sidewalks recommended, 6 were for concrete, 1 for stone, and the remainder wood. One of the most important matters that has engaged the attention of the Department has been the conversion of the street railway tracks and pavements to adapt the roadways to the overhead trolley system. This work was commenced at the end of June 1892, and up to the close of that year 29.69 miles of single track were changed from the horse-car to the electric service, with heavy and improved rails and new pavements on the track allowances. The whole service is now run by electricity, and is pronounced to be one of the best on the continent. The final report of the Board of Works shows that $1,852,258.91 has been spent by the department during the year. The sewers built by contract measured 11,757 feet, and by day labor 5,835 feet, a total of 17,592 feet. The roadways constructed amounted to 18,748 miles or 98,994 feet. There were 33.80 miles of single street railway track laid during the year.

The patrons of our Directory are frequently inconvenienced by borrowers; not the stranger or private citizen, who steps into the office, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are too mean to buy one. These are the men who frequently carry off your Directory "just for a few days," and generally means a few days or weeks, unless you send for it before; it is scarcely in its place before another request—Please lend me your Directory for a few minutes—These same borrowers tell our canvassers that they have no use for a Directory.—Shame.

The patrons of our Directory are frequently inconvenienced by borrowers; not the stranger or private citizen, who steps into the office, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are too mean to buy one. These are the men who carry off your Directory for a few minutes, which generally means a few days or weeks, unless you send for it before; it is scarcely in its place before another request—Please lend me your Directory for a few minutes. The same borrowers tell our canvassers that they have no use for a Directory—SHAME.

THE FORTY-SEVENTH ANNUAL issue of the CANADIAN ALMANAC is now out, and excels both in quantity and variety of information all of its forty-six predecessors.

Nearly Three Hundred Pages of interesting matter, not a line of which is wasted.

Questions of all kinds about Canada may be answered by reference to its pages, and information gleaned valuable to every citizen of our great Dominion.

== SOME SPECIAL FEATURES THIS YEAR ==

New Astronomical Notes.
At the request of a number of gentlemen interested in Astronomy, several valuable tables have been prepared, and are published in this year's Almanac for the first time.

Post Office and Railroad Gazetteer.
The name of every Post Office in the Dominion is given with the Railroad or Steamship line on which it is situated, or, if the place be not on a railway, the name of the nearest Railroad Station is given. This list will be simply invaluable to shippers and travellers.

Insanity in Canada.          By Dr. Daniel Clark.

The Canadian Flag.          By Colin Campbell.
A full and interesting account of this Country's Flag. Its uses on land and sea. Many new and strange facts about the arms of the Dominion and Provinces.

Price, in Paper Covers, 20c.; Cloth, 30c.; Full Bound, 50c.

Our Plans and Policies, Tontine Investment and non-Tontine, embrace all that has been shown by experience to be really valuable to insurers.

THE TEMPERANCE AND GENERAL LIFE Assurance Company.

We are the only life insurance company in the Province of Ontario that has been in existence for over 100 years, and our present management is the same as that which was in charge in 1872.

We offer a wide range of life insurance products, from individual to group policies, and our rates are competitive with those of other companies.

Our company is a member of the Canadian Life Insurance Association, which ensures that we follow the highest standards of financial stability and ethical practice.

We have a strong commitment to the community, and we support a variety of charitable and social causes.

Our Plans and Policies, Tontine Investment and non-Tontine, embrace all that has been shown by experience to be really valuable to insurers.
